General Report Comments: Sheldon and I, Elani arrived at the property and met with Elani. They have a house with a massive back yard that is enclosed with a mesh wire fence. They have a few neighbours with dogs running around as well. There were three great danes roaming freely in the commune.
Elani wants to buy a kennel if she knows shes approved.
I had to educate her to tey and keep Nellie away from the great danes at first as she is very skittish.
Elani understood and I gave her ideas to keep her away at first.
Nellie will be allowed inside. They have a cat as well. They will have to introduce the cat slowly.
They also have rabbits in an enclosed cage.
Elani works from home . This is a lovely large home. I also educated her child to be calm and patient with Nellie.

Pre home check approved.
