CHECKLISTS

General Report Comments: Lienkie informed us that there are guys with a sick puppy that cannot afford veterinary fees . She sent them to the SPCA.

THEY arrived and the owner told me that the dog is vomiting . She did seem lethargic as well and has sliggltly pale gums. I gave them our information pamphlet and they claimed that they know where our mobile clinic is but they got the times wrong.

I explained that we can only euthanize or they can go to our mobile clinic to see the veterinarian. They said they will go Tuesday. I told them if the dog gets worse and looks like she is dying before then, to please inform us and bring her in for euthanasia. He agreed and understood this. I showed him the cellphone number he can call us.

I issued him with a warning to:
1) Provide Davey with veterinary treatment within 5 days. Information pamphlet given.

I also educated about feeding and stated not to feed bones, pap and potato peels.

To see what happens by Tuesday.
