General Report Comments: Hugh and I, Elani arrived at the property and met with the owner named Mary Anne who was home . We observed four dogs in total of which two were inside the house .

The house is quite delapidated and barely has any furniture. We noticed one of the dogs named Lara had an injured leg. We then went inside the house and saw that the dogs have two rooms in which they are sleeping. There was a foam mattress and the house was dirty inside with hazardous material lying around.

There were bowls in the kitchen of which the water bowl was empty.
Outside one side of the yard is clear of things and another part has old scrap lying around. Claire, the accused, is Mary Annes brother but he does not stay with his sister in their parents home . He stays with his girlfriend in Payton.

There were no dog fighting periphinalia seen at this property and no pitbulls.

I issued a warning to:

- 1)Provide water for your dogs at all times.
- 2) Provide the Lara with veterinary treatment within 24 hours (Mobile Clinic: Tue and Thu 09h30 and 11:00 on the corner of Springbok way and Jan van Riebeeck road)
- 3) Clean the dogs living environment from hazardous material within 24 hours.

To follow up on Friday.
