General Report Comments: I,Hugh arrived at the property and called Gerhard from the gate.He then opened the gate for me and i explained to him that i tried to catch him on friday.He then mentioned he was not home.

I then walked inside the area where the dogs are kept and he explained to me that the deworming and change in dog food already made a difference.It was then visible to me that there had been significant changes in the weight of the dogs.

I then asked what food he feeds and he showed me the montego puppy.The water bowl and area had been cleaned aswell.He mentioned he will send me a picture of the deworming receipt later on.

To see if he send picture today.
