General Report Comments: I, Elani arrived at the property and met with Madeleen.

She has a large home with the back yard separated from the front. The walls in between properties are quite low, therefore she wants a smaller dog. She also has a gate that goes to a field at the back.

There is a garage door that counts as shelter where Hansie can go in and out of. She is planning to buy a kennel and cutting a hole in the door so he can move freely in and out of the garage.

He will spend most of his time inside and sleep with her in the bed.

It is a lovely secure complex. She will sell her car and then fetch Hansie on Friday at the latest.

Pre home check approved.
