General Report Comments: Inspector Elani and i, Trainee Inspector Hugh arrived at the property. We then went up to the gate and called from the outside. Carroll-Anne who's the applicant's wife came outside and we greeted her as well as introduced ourselves.

We then explained that we are there in order to conduct a post home inspection on Fabian. She then agreed and allowed us access to the property.

We went inside and saw the living environment of all 3 her dogs were quite good as well as their condition. We then walked to the side of the house which was separated by a gate. She mentioned that the dogs are usually with them most of the time in the area where the grass is which is in the back right separated area.

We noticed in this area that there is a pool but has a cover on it. We also noticed numerous water and food stations for the dogs. We then moved towards the left separated side in the back and this was the side where the dogs can enter the kitchen. This is where we saw a three-sided area with a bed.

We then entered the kitchen and she showed us that the dogs eat Lionel's choice brand food. We also entered the living area and there were numerous beds for the dogs to lay down as it is cooler in the house. She also mentioned that she sleeps in a separate bed as the dogs sleep in her room.

Overall the home is well spaced as well as separated. The dogs are in good condition and are well taken care of.

Post home check approved.
