Comments:	As discussed with Hilde, Jeanette and I arrived at Oude Wellington to set a cat trap .i called but to no avail. I also asked to send a pin location as there are numerous tenants on the property with different entrances. She always ignored this question. I then decided to Whatsapp call her and she sounded frustrated as she apparently had a meeting and I shouldve made a time with her. I once again asked where to go and she couldnt explain where or give me a pin. When I arrived I took pictures to ask where to go but she did not respond. I called again bit she put the phone down each time as she said she would meet me at the entrance. We waited for 15 minutes and asked a worker where to go. He directed us to Andamar Stud on the property. I drove there and hooted for someone to open up as the gate was locked. We waited to no avail. I messaged her to come in to the SPCA and hire the cat trap from us. She reacted on the statement with a rofl emoji. To close case until further notification as Hilde does not want to work with us or even discuss how to trap the cat. NFA
