General Report Comments: Elani and i,Hugh arrived at the property. We saw a bar next door and approached it asking about the owner next door.The owner of the bar then took us through to the area where her tenants live as they are the ones holding the sheep.

We arrived at the property and met with three men who had already slaughtered one of the sheep.We asked them to explain their process of slaughter and we explained to them why using the captive bolt pistol is more humane and also more halaal.

They understood and we demonstrated to them how it works by helping them slaughter the other sheep.We gave them and the owner our contact details for situations like this .
