CHECKLISTS

General Report Comments: Elani contacted NSPCA and they advised her to do a rape kit test on the dog as SAPS would not do it.

We called Wellington Animal hospital,vetscape and paarl veterinary hospital.WAHG was willing to help us as no veterinary practice had experience in this.We called Hans and he agreed to bring the dog to the animal hospital for tests.

We contacted Warrant officer Jacobs and he organized a rape kit which we could pick up as WAHG does not have their own.

We went to SAPS and got the rape kit.We made our way to wahg and Dr.Renay was waiting for us.Hans met us there with Luna who was heavily pregnant.Dr.Renay accompanied by a sister and Elani did the rape test on her.

Hans took Luna home after the tests and also agreed to sterilizing her. Wahg kept samples for themselves incase evidence dissapeared and we went to Saps to drop off the evidence .
