General Report Comments: I, Elani arrived at the property and met with Fran and other tenants on the property. The owners complied with a collar and running chain for Captain. But I did observe Captain to be thin and tick infested. The other two dogs on the property are free roaming and in good condition. I then explained in detail that they need to purchase Nexguard and take Captain to our Mobile Clinic on Thursday just in case he might have tick bite fever. Captain had access to food and shelter as well. I educated them on keeping the running line smooth to prevent Captain from getting stuck. I gave them leashes to take their dogs to the mobile clinic and would deworm the dogs if they comply with my request.

I issued a warning to:

1) Ensure to provide Captain with adequate tick and flea treatment within 48 hours (Nexguard @ R120 @ Mobile Clinic).

They claimed to know exactly where the clinic is as they are not far from it.

To follow up on Thursday or Friday.

**ACTIONS**

Warning Issued 107
