General Report Comments: Upon arrival, Hugh and I Elani called the owner to see whether she is home. She answered and said she is on her way to the school but we are more than welcome to go inside. We opened the gate and could see they have cleared up a lot since they moved into the place last year. When they are not home the dogs are kept outside. We went to that area which was cleared up. There were 5 dogs of which Piet, the Ridgeback and Yorkie was not there anymore. They have two new dogs a Boston Terrier and a French Bulldog. The dogs have a large enclosed stoep area with shelter and water. The dogs destroy this space as we could see lots of torn things in the yard but they do regularly clean this up. Post home check approved.
