ANIMALS IN GOOD CONDITION	No ***	Portos and Welappie
VETERINARY PROBLEMS / HEALTH CO	Yes ***	Portos and Welappie
CONFINEMENT OF ANIMALS	Static Chain - inadequate length **	Portos and Welappie

General Report Comments: I, Elani arrived at the farm worker houses. I started on the left hand side by the houses and decided to take a census of all animals living at this farm. I explained to all owners, if they comply with me, I will help them with dewormer and fiprotec upon return.

1) Beon De Wee 0798629007
Lexi and Portos
The complaint was about this property. I immediately saw a Pitbull on a static chain with this chain around his neck. The dog was also underweight. The owner also owns another dog that is free roaming in the yard. When asked why the pitbull is chained he said he jumps over the fence and is scared he will get knocked over by a car.
I issued warning 111 to:
Your pitbull, Portos, is on a static chain and has an inadequate collar.
1) Provide Portos with a running chain within 7 days as explained.
2) Provide an adequate collar for Portos within 7 days (e.g. belt, piping, around neck)
2) Sara Links
The owners were not home but the child was and assisted me in explaining what the dogs have access to. The one pitbull was free roaming and the other one was on a static chain with a chain around the neck. I then explained to the child exactly what must be done.
I issued a warning 112 to:
Zion and Lion
- Zion is observed to be on static chain without an adequate collar.
1) Provide Zion with an adequate collar within 7 days (piping around neck, belt etc.)
2) Provide Zion with a running chain within 7 days.
I saw how the daughter placed the warning inside her house.
3) Isaacs
Rusty and Lulu
There were no welfare concerns found here.
4) Goosen
There were no welfare concerns found here. I could not gain access.
Tamara, Bella, Lady, Daylight, Bokkom, Tom
5) Gallant
Sinso
There were no welfare concerns found here.
6) Fredericks/Booi
Kietie and John
There were no welfare concerns found here.
7) Van Wyk
Rox
There were no welfare concerns found here.
8) Pietersen
Boyka and Lielie
There were no welfare concerns found here.
9) Rachel Fredeicks 0724634861
Welappie
Welappie was on a static chain and extremely underweight. I spoke to the owners on what they feed. Its two pensioner women. They did not have adequate food at the time of inspection and Welappie has a skin condition. I educated them on what to feed and not to feed. The owner agreed to go buy dog food over the weekend as she was planning to go to town.
I issued a warning 113 to:
Welappie is extremely underweight.
1) Provide Welappie with adequate food within 7 days.
* Do not feed potato peels, pap, bines rather feed rice meat, puppy food.

They signed the warning and everyone understood that I will be back within a week to follow up.

ACTIONS

Warning Issued	111,112,113
