CHECKLISTS

General Report Comments: Hugh and I, Elani arrived at the property and we met with the receptionist Mattie. She informed us that the owner is not there but owns a yorkshire terrier. We asked about the condition and she said the dog eats and is well taken care of but has health issues and regularly visits the veterinarian. According to her the dog has been there a week ago. She then took us inside Yvette's home to look for the dog but we couldn't find the dog at all. There was a food and water bowl. We then went back to reception and I issued a contact warning to:
1) Contact the SPCA to set up a time to meet with regards to your dog.

Mattie signed the warning and said she will inform Yvette.
