General Report Comments: Elani and I,Hugh arrived at the abbatoir. We went inside and was greeted by the receptionist who later called rickus(the manager).

We explained to him that we need to see a disaster plan aswell as offloading of animals and he mentioned he will send the disaster plan via email.

We walked to the offloading areas and while we were walking past the sheep we noticed a worker handling the animals inhumanely. We went to him and spoke to him aswell as reported him to the manager.

We went to the cattle area and observed no offloading. They stated a truck will only be coming in about 2 hours. Due to us having other priorities we needed to leave.
