General Report Comments: Elani and I,Hugh arrived at Pony Joy farm. We were allowed access through security who instructed us to where Jayne was.

We drove up to meet Jayne and we explained to her that we needed photographs of the paddocks .I asked her the distances the horses are worked and mentioned it was about 5km. The weight limit she has is 90kg and the horses work 2 hours a day for 3 days. Elani took pictures of the paddocks and every horse.

We moved up towards the feed room and asked her about rodent control .She mentioned she has a rodent box in the feed room but could not find it at that moment due to the feed room being full of bales.

We took the necessary photographs and left. She also showed us photographs of how the new premises was busy being reconstructed. NFA.
