General Report Comments: I,Hugh arrived at the property after following Jean-Marie to her home and took Madison out of the vehicle.I could see from the gate how large her dogs were but she welcomed me and Madison inside.

At first i saw ounooi being quite hesitant to interact with Madison but could see Tinkie taking a liking towards her.

I did a walk through and saw all the birds aswell as their other two cats.The owners have lots of experience with Great Danes and the early sterilization was troubling for them as it could possibly impact health.

I mentioned i would speak to our veteinarian about this.NFA as it is out of area.
