General Report Comments: Shelden and i,Hugh arrived at the property. We heard music playing in the background and i knocked on the door.

A student came outside after knocking numerous times and i explained to her that im looking for Darren.She went to the back and called Darren.He came to the front and i greeted him.

He informed me that Edge was roaming freely now but the students are still afraid of him.I went to the back and saw he had cleaned the enclosure where edge was. There were still fresh faeces there but was cleaner.He had water aswell and i informed him that he would still need to build a running chain as he would need to chain Edge when there are geusts.I asked him to have the running chain by friday and he explained he struggles financially.I told him that i would see what i can do to assist him but he should try and fix some things by friday.

Due to edge roaming freely and all contraventions complied with i wrote no notice to comply.

To follow up on friday.
