General Report Comments: I,Hugh arrived at the area where karin was situated.The owner initially contacted us over a sick dog who is owned by her.

I greeted Karin and saw the dog.I explained to her that the dog is not in good condition and i could see suspected parvo symptoms.She agreed to sign over the dog to us and they loaded her in the vehicle.

I saw they own a cat aswell and i observed that the cat looked underweight.I inspected the area and asked her what they use as shelter for themselves and the animals.She explained that the owner of the building across lets them sleep there in the evenings.I asked her what she feeds taliban and she mentioned she does not have any food at the moment but they usually buy at the petshop.

I issued notice to comply 049 to:
-Provide Taliban with adequate cat food within 7 days.

To follow up on thursday.
