General Report Comments: Luciano and i,Hugh arrived at the property.Mea allowed us access and we took a look around.I explained to her if she feels fifi is being mistreated in any way she can send me a picture or a video and i will remove fifi from the premises immediately.

She understood and said that everything was fine now. We took a look outside and i explained to her that fifis shelter was adequate it just seems she does not want to go inside it.Overall fifi has everything she needs and her mother agreed to let fifi sleep inside the home. NFA.(they did not get the previous notice to comply which i left on the gate as i entered the premises it was still on the front gate).
