General Report Comments: Luciano and i,hugh arrived at the property.I called from the outside and a tenant who was sitting outside allowed us access.

I went inside and saw a elderly lady sitting in the living room.I explained to her that i have recieved a complaint about a puppy who was immobile.They showed the puppy to me and i concluded that the dog cannot walk.Moments later the woman who was at the mobile clinic where the complaint derives from enters the property.After explaining to her the severity of this i gave her two options to either surrender the dog or take it to a veterinarian.

I issued warning 099 to:
-Provide veterinary treatment for Deonique within 24hours.
-You have the option to surrender the dog over to the Spca .
To follow up tomorrow.
