General Report Comments: I,Hugh arrived at the premises and called from the outside.Petra came outside to greet me and i explained to her that i had recieved a complaint regarding two dogs which of one is injured.I requested to see the dogs and she allowed me access.

I went through the house and observed two unsterilized dogs.One brown and white pitbull named brock.One cream female pitbull x named Lola.

I saw that Lola was limping and i told them that they should get medical treatment for her.They agreed but also spoke about wanting to surrender her.I also observed that the area where they live in was full of ripped matrass and brock was on a static chain.I educated them on cleaning their environment and building a running chain which they agreed to.

I issued warning 115 to:

- Provide Brock with an adequate running chain within 7 days.
- Clean brock and Lolas living environment within 7 days.
- Provide veterinary treatment for Lola within 24hours or you have the option to surrender lola over to the us.

To follow up tomorrow to see whether lola was seen by a vet.
