Comments:	I'd like to report a welfare concern about a mother dog and two puppies. I've personally seen that all three dogs appear to be very thin. The mother dog's ribs, hips and spine are clearly visible, and the puppies also look underweight. I've also heard the puppies crying on many occasions, and when I offered them food, they ate it extremely quickly, which made me concerned that they may not be getting enough to eat. I spoke to the head of the nearby centre before calling. She is aware of the dogs and encouraged me to contact the SPCA because she is also concerned about their welfare . I don't know the full circumstances, so I don't want to make accusations. I just wanted to report what I've personally seen and ask if someone could please assess the situation. Contact details of complainant: Chlo 0665331471 The house is on the corner of Hoog- and Breedt Street. Next to Wamakersvallei centre
