General Report Comments: Monia and i,Hugh arrived at the property.We called from the outside and Christo opened the gate for us.

I explained to him that i request to see the husky as the dog he signed over to us was in poor condition.He agreed and took us to the backyard.I saw the huskey in a type of enclosure on top of metal plates and i demanded he let the dog out as the metal could cause unnecessary injury and suffering.There was also no adequate shelter present in this enclosure and he let lucky roam freely.

On the premises were plenty of different structures which could be regarded as shelters and at this point lucky was free to roam in these shelters if necessary.

I asked Christo what he feeds lucky as he seemed underweight and he showed me a small bag of dog food which i believe does not have the necessary nutrients needed to increase lucky's weight.

I issued notice to comply 075 to:

-Provide adequate dog food for lucky within 7 days as he seems underweight.

-Clean Lucky's living environment within 7 days as it contains hazardous material which could cause injury.

To follow up in a week.
