General Report Comments: I,Hugh arrived at the property and esmerelda came to the gate to greet me.She informed me that the previous poodle bianca had passed away due to age as i have seen her on a previous inspection.

She allowed me access and i went inside.I saw that the dog food was not a problem as there was numerous dog food bowls scattered around along with water.

I asked her if she struggles financially as i had a complaint of her asking people for dog food.She informed me that this was not the case as this incident occured earlier in the year when her daughter asked the neighbours for cat food before my initial inspection.

I explained to her that sky seemed as if he was almost becoming matted and she mentioned she would take him to a groomer soon.

I loaded bianca's carcass in the bakkie as she lives alone and struggles to bury her.

I issued warning 125 to:
-Provide adequate grooming for sky within 7 days.
To follow up next friday.
