General Report Comments: I, Hugh arrived at the property and saw the dog. One of the tenants named Gerdian came outside and stated that the owner is working in a room.

I told him to take the dog out of the bathroom and I inspected the living environment. I had not seen any faeces around the area which indicated the dog had not been in there a while. I asked him about this and he stated he just put the dog in there as the dog is mischievous and runs after vehicles. I educated them and told them that he needs to fix the living environment and build a running chain. I also gave the dog food and asked him whether they had dog food which he said they do not have.

I issued warning 137 as the dog was now roaming freely to:

- Provide Wakkie with an adequate running chain within 7 days as he was found confined in a bathroom area.
- Provide Wakkie with adequate dog food within 7 days.
- You have the option to surrender the dog (Wakkie) over to the SPCA.

To follow up next Friday as Gerdian stated his brother will be home then as he comes back on Fridays.
