Comments: Good morning, Inspector

Trust all is well.

In May of 2025, with the assistance from SPCA, we did a mass hoarding rescue from Ms Reni Hildenbrand, at Hildenbrand Wine and Olive Estate in Blouville Road, Wellington.

We have been made aware from multiple members of the public that the animals at the farm are in severe need of assistance again as the living conditions the animals are currently in is inhospitable constituting to neglect.

Previously these were the complaints and concerns seen:

- No hay for the herbivores
- Deceased animals in the living quarters
- Overcrowding
- Little to no water available – if available it is contaminated.
- Fighting resulting in severe wounds and infections.

Would you be able to inspect the property to ensure living conditions of the animals are up to standard ?
