General Report Comments: I,Hugh arrived at the property and was greeted by Newton who allowed me access.

I went inside and did a general welfare check.The two dogs seem to be in good condition with no wounds or showing any signs of aggression.Newton stated that they are trying to find a home for Chase whos the aggressor and stated that Chase is a very jealous dog but actually has nice manners.Newton showed me that if he plays with chase it sounds as if he is biting or showing aggression but this is not the case as i observed it.Overall the dogs had all necessary things to improve their welfare but they were aware that chase was causing them trouble and they are trying to find the best possible solution other than euthanasia.
