PET SHOP CHECK LIST

Inspection Details

This is an internal document to be used by Inspectors to guide them in undertaking a basic pet shop inspection. The most common species have been included here together with common concerns but it is up to the inspector to find out more information, ask questions and ensure that appropriate action is taken to ensure the welfare of the animals is protected.

Explanatory Note: When completing this checklist, the relative observations can be circled or underlined and or inspectors comments recorded on the line above. For example:

Hygiene of cages: Overall good – cages being cleaned during inspection Hamsters
Good Fair Bad Excess Faeces **Old/Soiled Food**
