1. Was transport suitable? yes
2. Were holding facilities suitable? yes
3. Were animals tethered? no

Comment A warning to be issued as discussed with Farm unit Inspector Navesh to BKB
There are no shelter for the sheep or calves, the pig area has all in place.

Handeling of animals are a huge concern. I had to speak up a few times regarding: pulling by legs, pulling by ears and hirms, hitting the cattle with what appeared to be plastick irrogation pipe.
