CHECKLISTS

General Report Comments: I have observed the two dogs through the small gate as there was no one in the house. Dogs appeared to be in good physical conditions, shelter provided. Dogs are kept in the enclosure next to the complainant's yard, however on my visit dogs were not even barking as the owner is complainaing about noise. She was reffered to the By law department. I just left a notice for owner to contact me to find out why dogs are not let run free in the whole yard.
