General Report Comments: I have observed a Basset hound in the flats ,dog appeared to be in good physical condition,its vaccination record is up to date,water provided,dog sleeps in the house.The is a space infront of the flats in which the dog is allowed to have access to.In engaging with the owner the space was fenced off to prevent the dog from going to the neighbours,which i believe the fence was great.Dog is well cared for and loved.There are video and photo taken as a proof.
