Subject: Mistreatment a Dog

Hi

I would like to report a mistreatment of a canine at 31 Weavers Nest, Parkrand Estates Boksburg. The canine is light brown and could be a staffie. It is kept at the rear of the property in a limited enclosure. The area is full of feces and there is an absence of water. Unsure of feeding. The dog was just now struck with a broom and the witnesses are traumatized by the actions of the resident. I would appreciate if this was investigated and an amicable solution found.

Regards

Maheswara
