Subject: INSUFFICIENT CARE OF TURTLES AND FISH AT CHINESE TAKE AWAY SHOP

Good day

Trust you are well.

i was at the take away shop yesterday called ONE TEA that is situated near House of Ribs Boksburg

They have numerous tanks there full of fish that they are apparently selling.

Some of these tanks are so dirty. (I tried to get pics of those but later saw at the car the phone did not take)

There are two small turtles there which are being kept in a glass box and thats all!!

Is there something you can do?

I tried to take pics on my phone - the attached is all i could get

Kind regards

Loren
