Subject: Anonymous report - unrestrained aggressive dog creating safety risk

Hello, I would like to report a situation anonymously. There is an aggressive dog at the property where I am renting. The dog is frequently unrestrained and has shown threatening behaviour toward me. The owners have refused to tie or control the dog when asked. I am now afraid to enter or leave my home because of the dog's behaviour.

I am requesting that the SPCA please investigate, as the situation has become unsafe for both tenants and the dog. The address is: 1044 kelkiewyn street, Windmill park ext 8

Thank you for your assistance.

I would like to remain anonymous for my safety.

Good day Amanda,

Thank you for your email. We can go and investigate your complaint but unfortunately we can't force the owner to tie or chain up his dog as it is illegal to constrain an animal on a chain or rope. We will speak to the owner - maybe he will surrender the dog to the SPCA before an accident happens.

Kind regards,

**Senior Inspector V. Finnemore

Hi Amanda

My name is field officer Jabu from the Boksburg SPCA. Just wanted to give feed back regarding the email you sent to us on the 9th of December 2025.

I have attended your cruelty complain at house number 1044 kelkiewyn street in wind mill park. On arrival I found flora masinga who gave me access to inspect the property.

I then saw his male Africanis puppy that is tan in color. The puppy had food and water available. the yard was found clean, no feces seen anywhere, the puppy had a kennel that had his blanket in it. I didnt see any form of cruelty and the puppy is not aggressive at all. He just likes to bark which is normal but he's not aggressive.

I suggest you move out and find another place to stay because we cant and wont allow for the dog to be tied to a chain. The dog is not aggressive, he's friendly.

Try to get to know him by buying him treats or biltong, brush his head and you guys will be best friends.

Regards

Officer Jabu
