Theia was referred to me (or any veterinarian) to be examined after a complaint/warning from the SPCA.

She is clinically normal: T:38.2, P:60, R:20 Good body condition; eyes, ears, teeth normal. Slight limping on left hind leg - weight-bearing - nod on palpation Manipulation of leg. Suspect slight muscle /ligament injury.

Not serious Rx: Inflacam 1x/day according to weight.
For any other questions, feel free to call me on 079 4433 599.

Kind regards
Dr. Rozelle Theisen
(BVS)
