**In light of the inspection that was conducted at your facility on 23 February
2023**

You are hereby warned that:

1. During the inspection, it was observed that there was a white and brown donkey that is in poor condition;
 - a. Ensure that you seek a Ferrier for the donkey and provide the SPCA with a report of the treatment.
2. During the inspection, it was observed that there was a black pot belly that was limping, and it appeared that her right hind leg was injured;
 - a. Ensure that you seek veterinary treatment for the pig and provide the SPCA with a veterinary report of the treatment.
3. The female dog named Bella has a wound on her left upper leg that is causing the dog discomfort;
 - a. Ensure that you provide Bella with adequate veterinary treatment and provide the SPCA with a veterinary report of such treatment.
4. During the inspection, it was observed that the alpacas had poor nail condition
 - a. You must provide the alpacas with the necessary treatment to ensure their nails are groomed accordingly to prevent pain and suffering.
5. We recommend providing the pigs with water sprays for the summer months, as this cools them down and assists in stress relief.
