Comments and action taken by Inspector:

The live animal shed has been moved to a more suitable location according to a warning issued to them on 08/03/2023. The shed is in a quieter and warmer area away from vehicle traffic, vehicle fumes and general noise.

The staff was educated on what the correct protocol is when receiving or dispatching a non-compliant shipment through their warehouse as per previous warning issued (13/03/2023).
