STATE UNDER OATH IN ENGLISH:

I, Shoprite Milnerton, making solemnly swear that I found a white station wagon the vehicle with markings 'EURO' and 'ESTATE' on the back of it registration CA398833 parked partially in the sun with all the windows closed and a white and brown terrier type dog sitting in the back of it directly in the sun. It had been 30+ that day. I immediately used my sun screen to shield the dog from the sun and waited beside the car for the owner to return. He was gone about 3/4 of an hour. When I advised him that his vehicle would be very hot inside for his dog, he replied that paying his rates bill took longer than expected. When I asked him why he had not opened the vehicle windows to provide ventilation for the animal he immediately went to turn one window down a quarter of a centimeter. I tried to explain that was not sufficient but he did not understand so I'm asking the SPCA to contact this person and ensure that this owner understands how to care for his dog in future.

I know and understand the contents of this affidavit. I have no objection in taking the prescribed oath. I consider the prescribed oath to be binding on my conscience. I swear that the content of this statement is true so help me
