Comments: I met with the IO sgt Cloeteat her office. She had to look for the docket and made me wait. A while after still not finding the fisical docket she told me that she didi phone me last time with an update and the status of the docket is still the same. As it is the docket is under review and will go to the Stae Prosecutor for decision. She stated that the charges was not laid for the dog found on the property but for the dog that was not found on the property, so now the state needs a witness can cinform that the animals was indeed hidden from me or taken somewhere by the accused in order to obstruct me in my dutiies. It appears to me that the IO does not seem to show any interest in the docket and that I am being some sort of nuisance to pop up everytime. She stated that she cannot tell me when the docket will return from the SSP and cannot tell me when she will have an update for me . I told her that I will pop in again next month.
