Subject: Re: Bellville South and Morningstar neglect

Good afternoon,

Please find one case of reoccurring chaining/inadequate shelter below.

INSP167711 - Leila's chaining was first reported May 2022 and as of Saturday is back to being chained to the thick pole near her (runner not being used as intended) and has a kennel that is broken in various places; I am banned from seeing Leila so as to not catch on to the neglect that takes place but threw her a bone on Saturday that didn't reach her so had to enter and give it to her which is when I saw her dilapidated kennel and being chained to the pole
Thank you for all of your help and patience

Kind regards,
Jessica Robertson
