Comments:

I arrived at the flats and could not gain access. I contacted the complainant Patrick and he gave me a number for Mark who was the original complainant at 0658289673. I contactrd Mark to gain access via the remote controlled gate and he told me that he was in Malmesbury at work and asked me what is the follow up about. I told Mark that it was brought to our attention that this guy at no. 5 has a new dog and I need to check the living conditions. Mark then told me that there has been one of our youngish guys who left a note, and then the next day the dog was gone. Apparently the owner came to fetch it. Mark stated that there is no other dogs on the property and ge will gladly call us again if this should change.
We can close this case at this time.
