Hello Carina

Thank you for the feedback.

Zuri is seeing Kevin from Pure Rehabilitation today for an assessment, it was arranged prior to your visit.

Will keep you updated as to the progress.

Niusha is the gsd , she has been put separately and will be fed 3 times per day now iso twice to see if she gains weight.

I will take her for a check up as well.

Your other concerns are being addressed.

I need your advice on a case regarding one of my dogs that got adopted in 2021.

It is quite a long story and would appreciate if I could phone you as both Caron Burger and I are helpless as to what to do. I am at work and cannot answer my phone but can phone during my lunch break.

Thank you

Cecilia
