3 neglected chickens

Good morning again,
As per my previous email regarding neglect; here is another case I forgot to include.

Chickens and Leila (Brak) - 827/828 Zimri Street, Bellville South (Leila lives right next door to the white Pitbull in my precious email)

I reported these chickens on 19 December but saw them on Friday without any water again and then the dog who lives on the property, Leila, also has NO WATER. (Photo of her attached)

Kind regards,
Jessica Robertson
