Good day all

Hope you are doing well. We need your assistance with a case.

Inspector Siviwe Noko executed a court order at 27 Almond way, Helderberg Estate on the 12th of January 2022 and noted that the owner Dr. Jay Tonetha, kept indigenous animals that do/might need permits from Cape Nature to keep. The animals included Angulate Tortoises and Guinea fowl (see attached photos). There were also Quails, but I am not sure whether they need permits.

He is going back on the 19th of January 2023 to do a follow-up inspection of his findings. Would you be able to assist him and deal with the animals as necessary?

Inspector Noko can be contacted on 078 460 0999.

Your assistance will be appreciated in this matter.
