Type: CASE DISCUSSION NOTE

Follow-Up Date:

Comments: I discussed the case with chief inspector Pieterse and i can't open a case for the following reasons:

1. Warnings issued on the 4th of November 2022 - to the 25th of December 2022 mainly stated the following:

- running chains to be provided for the dogs 7 days
- deworming and sheep grooming within 72 hours
- to provide shelter for the dogs within 7 days
- vet treatment for the horse and boerbull within 72 hours

a second warning was issued stating:

to provide shelter again within 7 days

to groom the sheep within 21 days

the warning does not state if a running chain must be provided or the dogs must roam free , 7 days again was given

3rd warning was issued stating

to provide the location of the horse and the boer bull (this was never followed up on)

to provide shelter within 7 days again

then a note was made stating that the 2 GSD are thin and a court order must be obtained

in my opinion, we can not open a case due to the fact that

three warnings were issued for shelter to be provided within 7 days this was asked three times within the same time frame.

no follow-up was done on the boer bull and the horse

no warning was issued for the two GSD to be taken to the vet
