Chaka (German Shepherd pup) - 720 Dammert Street, BS

I'm not too sure what's going on here; I spoke to the owner who said that his dog is only tied up here when they need to clean his passageway confinement (around the corner) but what I don't understand is how confinement in such a small space for such a high energy dog could be accepted by you or how his owner hasn't been asked to put a runner up for when Chaka is "temporarily tied up" with nowhere to seek shelter from in the rain or sun??
