

WARNING # SAR001

NAME & SURNAME: Board / Directors / Staff	DATE: 13 December 2023
PHYSICAL ADDRESS: Sandys Animal Rescue - 400 Durban St, Worcester, 6850	
E-mail: sandys.eden@gmail.com	CELL No.: 076 597 3027

You are hereby warned that:

In light of a recent inspection conducted on 12 December 2023 at Sandys Animal Rescue, the following concerns were noted and must be remedied as specified:

1. Sick, injured or otherwise unsound animals must be examined and treated by a veterinarian **without any delay** and not left to suffer unnecessarily. An emaciated cross-breed male dog with Admission number S103 was admitted on 04/12/2023 with a severe skin condition, and the dog was emaciated. No proof of veterinary treatment could be provided upon request.

Please refer to Section 2(1)(e) of the Animals Protection Act 71 of 1962:

2. OFFENCES IN RESPECT OF ANIMALS - (1) Any person who:

(e) being the owner of any animal, deliberately or negligently keeps such animal in a dirty or parasitic condition or allows it to become infected with external parasites or fails to render or procure veterinary or other medical treatment or attention which he is able to render or procure for any such animal in need of such treatment or attention, whether through disease, injury, delivery of young or any other cause, or fails to destroy or cause to be destroyed any such animal which is so seriously injured or diseased or in such a physical condition that to prolong its life would be cruel and would cause such animal unnecessary suffering;

2. Three (3) feral cats were found being kept confined in cat traps for periods of 48 hours. The reason given was that the veterinarian had not yet been to the facility in order to humanely euthanise them. The feral cats cannot be left in the trap and must either be taken to the veterinarian for humane euthanasia, or they must be transferred to a larger cage or enclosure until such time that the veterinarian can come to your facility to humanely euthanise the animals. **This must be remedied with immediate effect.**

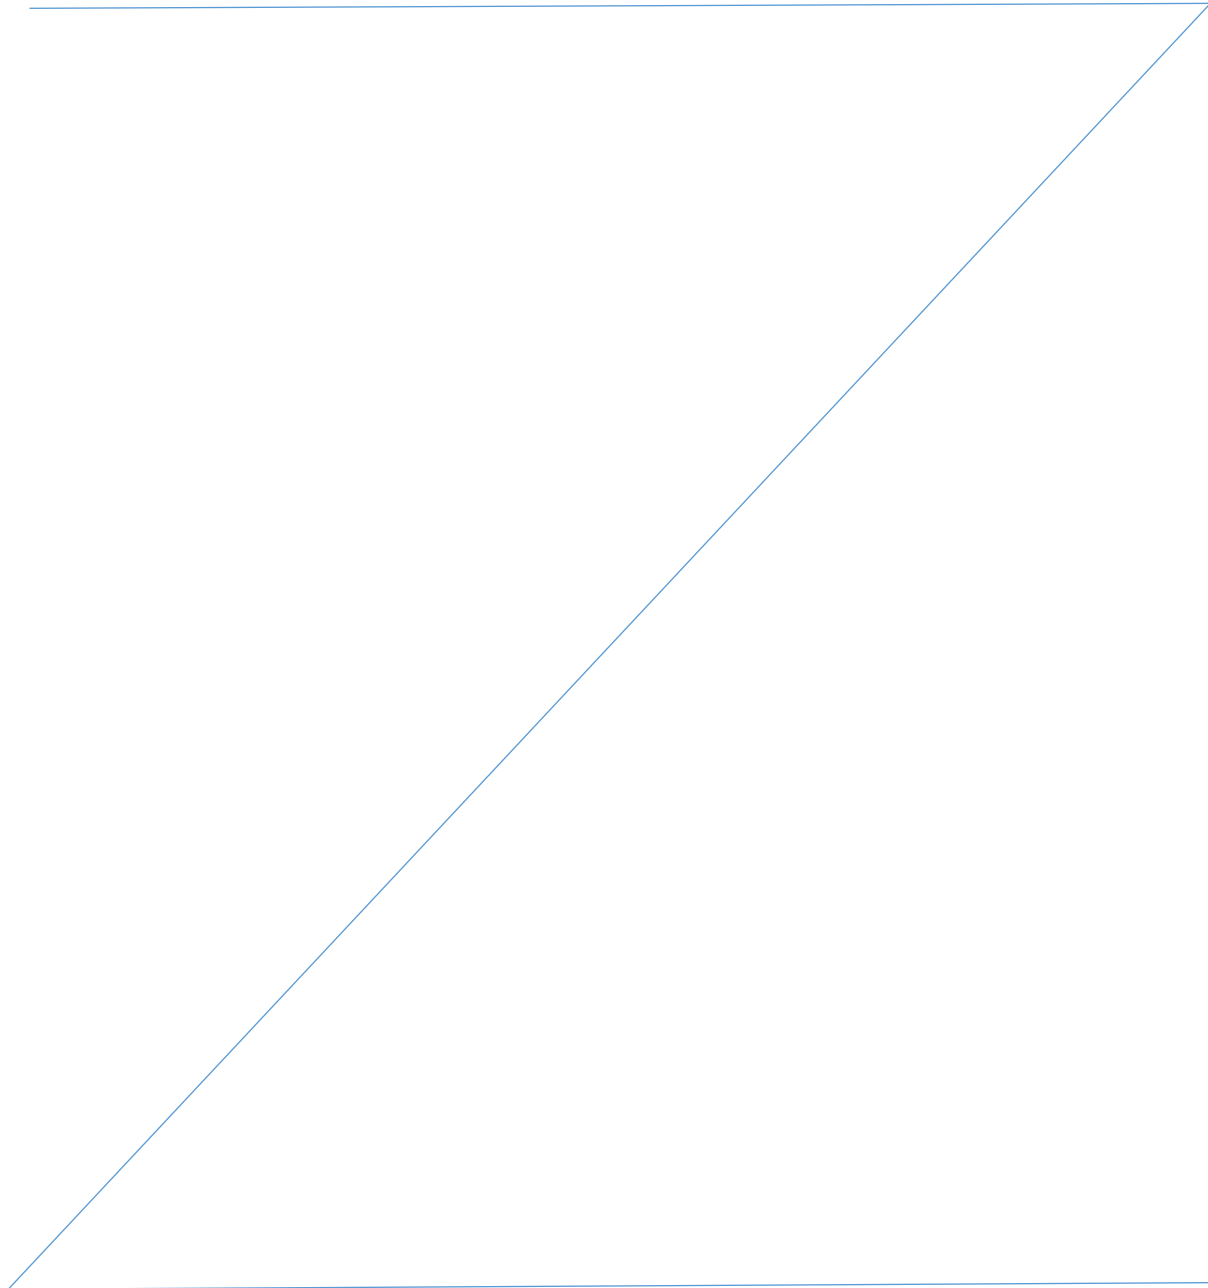

Please refer to Section 2(1)(b) and Section 2(1)(k) of the Animals Protection Act 71 of 1962:

2. OFFENCES IN RESPECT OF ANIMALS - (1) Any person who:

(b) confines, chains, tethers or secures any animal unnecessarily or under such conditions or in such a manner or position as to cause that animal unnecessary suffering or in any place which affords inadequate space, ventilation, light, protection or shelter from heat, cold or weather;

(k) having laid any such trap or other device fails either himself or through some competent person to inspect and clear such trap or device at least once each day;

3. It is recommended that proper records are kept for all animals admitted into the care of the organisation. It is vital that proper and comprehensive records are kept, including medical and/or veterinary records. This will only be beneficial to both the organisation and the animals in your care.

This warning has been issued in terms of the Society for the Prevention of Cruelty to Animals Act No 169 of 1993.

Failure to comply with this warning may render you liable for prosecution under the Animals Protection Act No 71 of 1962 and / or Performing Animals Protection Act No 24 of 1935.

Any person who:- obstructs, hinders or resists an officer authorised in terms of the Animals Protection Act No 71 of 1962 or conceals any animal shall be guilty of an offence in terms of Section 8(4) of the aforementioned Act.
