General comments

Upon my arrival, i met with Jeane. There is 1 rabbit and 3 budgies at the pet shop. She told me that they don't really sell animals but customers came and just dropped the rabbit and birds there so they are looking for new homes for them now. The animals had access to water and a clean living environment. They were kept in cages that is big enough for them and she told me that a person that work next to the store take the rabbit for a walk daily as well. The animals appeared in good health and condition.
