To Whom it May Concern,

I have today examined "Rosie" an 11 year old female Husky belonging to Mrs S. Marissa of 87 Prentis Dr, Tableview. She was found to be suffering from a severe moist excema on her back, possibly brought on by an allergy to flea bites. The affected areas have been shaved, cleaned, and she is now on cortisone and antibiotics. Nexgard was advised.

She was otherwise in good condition.

D.J. Kyle BVSc (D91/3222)
