Is there a feed board?	No - have separate instructions given in when dog is admitted.
Is medication stored separately from feed area?	Yes - if a dog is under treatment.

Photos taken Yes Warning Issued No Warning Number _____

Comments by Inspector:

Their max capacity is 15 dogs at a time. They do an introduction and assessment day. If the dog does not pass then they do not take the client on. The dog must get along with the others to be boarded. If it is a hyperactive group, there must be 2 handlers working at a time. Dogs get walked daily, even Ella gets a monitored play session with 2 dogs (the only dogs she gets along with). Inspection concluded at 12:35.
